

Credit Recovery & Original Credit Options and Opportunities

Immanuel High School students have a selection of opportunities to recover credits and earn original credits. Credit recovery is intended for students to make up a course where they earned failing or low grades in a specific class, helping them meet the qualifying high school graduation requirements. Original credit is intended for students to take courses they have not previously taken, allowing for a more flexible schedule in the upcoming school year or providing a chance to enrich their learning. These choices differ in details, including timing, costs, and registration.

If a student plans on taking a course outside of this approved school list, please submit your request for review [HERE](#) or scan the QR code. Courses that are registered through an alternative school that is NOT approved by Immanuel will not be accepted, and no credit will be given. Communication with our counseling department is required for all recovery, original credit, or summer schooling options.

Schools	Overview	Eligibility	Fees	Enrollment
 <p>(Online)</p>	<p><i>Start anytime.</i> Self-paced with start and end dates.</p> <p>Courses are semester based by Part 1 and 2.
