

**Press Release:**

Immanuel Schools Board of Trustees & Superintendent Ryan Wood  
Tyler & Bursch, LLP - Jennifer Bursch

Obviously, we are disappointed with the Fresno County Superior Court's decision to issue the Preliminary Injunction. While today's decision is a setback, we know that God is still at work in our situation and we will continue to seek His will. During the last five weeks we have seen God's hand move mightily on our campus and throughout our community, without a single COVID related illness among our students, faculty, or families. We have seen first hand the importance of having school on campus based on the excitement of our students and communication with our families.

We want to take the opportunity to thank all the people who have been praying for and supporting our efforts. The Board of Trustees will be meeting today to determine our next actions, which will include pursuing our Cross Complaint against the County. We still believe strongly that we have the constitutional right to provide the on-campus education that all students need and deserve while also leaving that decision up to our families.
